

The Fitts Company is a nationally acclaimed solution based design and manufacturing company delivering innovative designs and products for a diverse client base. With a team of highly experienced professionals, we are dedicated to providing the best solutions to our clients through the use of state of the art 3D design, manufacturing, and project management capabilities. Through innovation, industry knowledge, and a skilled workforce; we provide holistically encompassed solutions that are created to fulfill the client's vision.

The manufacturing division fabricates a diverse range of products that includes exterior signage, interior signage, ATM related products including surrounds, toppers, enclosures, buildings, kiosks and canopies, bank branch interiors including teller lines, teller pods, technology bars and hospitality bars, custom motor home coaches, disaster recovery vehicles and other specialty items.

Founded in 1998 by Rosemary and Steve Fitts, The Fitts Company offers turnkey solutions and complete project management for projects of any size.

# COMPREHENSIVE CAPABILITIES

## CNC Routers

Five CNC routers providing ability to work with Aluminum, acrylic, corian, MDF and various type of wood.

## Paint Shop

Two paint shops with gas fired heaters enabling workable products within 30 minutes of paint application.

## Metal Working

Two paint shops with gas fired heaters enabling workable products within 30 minutes of paint application.

## Fabrication

Ability to fabricate modular components utilizing metal, wood, Corian, acrylics and LED lighting to produce world class products.

## Vinyl Application

Lighted vinyl application table increases speed and quality of vinyl application. Custom vinyl design is a strength of The Fitts Company.

## Wood Working

Millwork capabilities to manufacture a wide array of products.

## Fit and Finish

Products are designed within 0.000" and manufactured within 0.007" which ensures precision and eliminates hand-cutting or drilling of our products.
